

Auto Scanner ScanVG

ENGINE PARAMETERS :

- Engine Speed
- Desired Idle speed
- 1 AC Flow Duty
- Coolant Temp
- Intake Air Temp.
- Calculate Load Value
- T P Sensor Volt
- Throttle Position
- MAP Sensor
- Barometric Pressure
- Fuel System
- Injector Pulse width
- O2 Sensor
- Short Fuel Trim
- Long Fuel Trim
- Tatal FT
- Fuel Cut Evap.
- Purge value
- Ignition Advance
- Battery Voltage
- Fuel Pump
- A/c Switch
- A/c Mag Clutch
- A/c Cont fan
- Closed TP Switch
- Radiator fan
- Electric Load
- Stop ght Switch
- Vehicle Speed Sensor

FEATURES:

- 7" Colour LCD, Touch Screen & VGA out, 800X400 Pixel Storage 40GB Hard Disc
- Maintenance Information & Tips. Diagnosing through part problem and through trouble symptoms
- Windows CE.NET File Explorer
- Provision to upgrade software with new makes and models

- LAN Searching maintenance information on the internet. Internet information/connectivity, programme down load
- Check protocol st
- Oscilloscope, Meter Menu Ignition waveform Scope Test, Secondary Ignition
- Vehicle save data
- General Information of ECU/ECM, Circuit diagram and parts picture
- Scan Sensor (graph)
- Actual data/parameters ve reading
- Print facility
- System 128 MB SD-RAM
- Communication Host USB 1.1, USB 2.0, Cent LAN, RS-232C
- Battery -ion battery 1 hr fe
- Power supply : DC in cigar-jack power supply (12v)
- Touch Screen Cabrator
- Provision to connectivity with Gas analyzer to check emission levels
