

Tyre Changer

FEATURES :

- Electro-hydraulic operation Precision, easy and reliability
- Clockwise and anticlockwise rotation of the clamp range from 14''-26''
- Movable controlling unit
- Movable tool carrier arm and the bottom bracket
- Hydraulic motor with pressure adjustment devicer
- Adjustable clamping force
- Mounting head can be rotating at high speed automatically
- Window XP operating system

TECHNICAL DATA:

Power	1.5 KW
Rotating Motor	1.1 KW
Power Supply	220V/400V
Clamping Capacity	14''-26''
Maximum Tyre Diameter	1600mm
Maximum Tyre Width	780mm
Maximum Tyre Weight	500kg
Dimension	2020 x 1580 x 1000mm
Weight	Small Vehicle \pm 1 gm and Larger Vehicle \pm 25 gm
Net/Gross Weight : 300/370 Kg	300/370 Kg
Packing dimension	1700 x 880 x 1250
